French, 2001 In the course of his study of vengeance as a moral concept French exposes important distinctions between types of moral theories karmic and non karmic and between people who are morally handicapped and those who are morally challenged He examines concepts relevant to vengeance such as honor moral authority and evil and issues such as the rationality of revenge and proportionality in punishment BOOK JACKET Death of a Salesman, by Arthur Miller Brenda Murphy, 2010 This title contains in depth critical discussions of Arthur Miller s great drama When it premiered Death of a Salesman received immediate critical praise and popular attention Miller set out to change the face of American Drama and succeeded The play won the Pulitzer Prize the New York Drama Critics Circle Award the Donaldson Award and Tony Awards for best play best direction best scene design and best supporting actor To this day it remains one of the most read and most performed plays
