On The Christian Life:

Sanctified by Grace Kent Eilers, Kyle C. Strobel, 2014-08-07 Books on the Christian life abound Some focus on spirituality others on practices and others still on doctrines such as justification or forgiveness Few offer an account of the Christian life that portrays redeemed Christian existence within the multifaceted and beautiful whole of the Christian confession This book attempts to fill that gap It provides a constructive specifically theological interpretation of the Christian life according to the nature of God's grace This means coordinating the Triune God his reconciling justifying redemptive restorative and otherwise transformative action with those practices of the Christian life emerging from it The doctrine of the Christian life developed here unifies doctrine and life confession and practice within the divine economy of grace Drawing together some of the most important theologians in the church today *Sanctified by Grace* achieves what no other theological text offers a shared work of dogmatic theology oriented to redeemed Christian existence

The Secret of Christian Living Watchman Nee, 2008 The consuming desire of all true Christians is to be like Christ Jesus Without doubt such holy ambition is inspired by the Holy Spirit For it is God's eternal will that all who are called by Him are to be conformed to the image of His beloved Son Yet how ironical it is that most Christians seem to undergo great frustration in failing to reach that goal Does God plan it that way or do we fail to know and appropriate the provision of God Thank God He never calls without providing Therefore it behooves us to enter into the secret of Christian living Truth is always simple in

nature This entire secret of Christian living is given in two simple phrases which are in Christ and Christ in us In this present volume brother Watchman Nee presents the secret of Christian living in three parts namely in Christ Christ in us and some applications These are messages given mainly from 1934 to 1938 in various cities of China They are more direct more illustrative and easier to understand It can be viewed as a companion volume to the classic *The Normal Christian Life*

Kapic, 2025-12-02 A Dogmatic Exploration of the Christian Life What is Christian life Although we often use this phrase we rarely take the time to understand its theological basis In this volume in Zondervan Academic's New Studies in Dogmatics series theologian Kelly M Kapic reflects on Christian life its foundation its nourishment and its goal Kapic contends that Christian life is first and foremost one that is lived in response to the love of God But to properly frame this love Kapic contends we need to consider divine and human agency

What we discover is that not only did the triune God first love us but the incarnate Son also first loved God for us And now we respond to God s love as those who have been united to Christ and his people by the Spirit Shaped by the community of faith especially through corporate worship Christians thus participate in this love of God and neighbor What is true of the whole discipline of theology is thus reflected in Christian life Christ is its foundation Christ is its source of nourishment and Christ is its goal

Christian Life and Practice Owen C. Thomas,2009-01-01 This book is a study of the Christian life and the practice of Christians and the church from an Anglican perspective It begins with an analysis and explication of the structure and process of the Christian life before God in the church and the world involving a five fold rule of life and the relation of this to spiritual direction This is followed by an analysis and critique of the current spirituality movement which arose in the 1970s and which has come to dominate and mislead the churches A sequel to the latter explains the origin of the spirituality movement in the current Romantic movement that arose in the 1960s and has influenced all aspects of our culture with ambiguous results Next there is a critique of contemporary parish ministry as practiced in residential parishes that at best ministers only to the private lives of its members followed by a fictional story of such a residential parish that suggests a new departure in parish ministry Then there is a critique of preaching in the Episcopal Church that is generally considered to be poor and a proposal of a way to overcome this The concluding three chapters treat a fundamental problem in our approach to private prayer and a way to resolve this a proposal for a way to overcome the current impasse in the Anglican Communion concerning homosexuality and a meditation on the responsibility of Christians in public life
