On The Genre And Message Of Revelation:

On the Genre and Message of Revelation Bruce J. Malina, 1995 In a compelling new study based on ancient sources Malina offers a new reading of Revelation. Malina contends that John the Seer's milieu was one of intense interest in and fascination with the sky. He asserts that John has his own interpretation of the sky that follows the Jewish and Christian story of God's salvation in Messiah. This vibrant reading of Revelation is buttressed by ancient literary and archaeological sources, maps, illustrations, and diagrams.

Social-Science Commentary on the Book of Revelation Bruce J. Malina, John J. Pilch, A groundbreaking first social science commentary on this popular book of the Bible.

The Genre of the Book of Revelation from a Source-critical Perspective Frederick David Mazzaferri, 1989 The series *Beihefte zur Zeitschrift für die*

neutestamentliche Wissenschaft BZNW is one of the oldest and most highly regarded international scholarly book series in the field of New Testament studies. Since 1923 it has been a forum for seminal works focusing on Early Christianity and related fields. The series is grounded in a historical critical approach and also explores new methodological approaches that advance our understanding of the New Testament and its world.

Revelation Rob Dalrymple, 2024-06-27 Could the cry Come out of her My people Rev 18:4 not be needed more today than it was when John penned the Apocalypse? The book of Revelation begins and ends with the affirmation that God is the world's true Lord not Caesar. In telling this story John lays out for us the fact that Christ's kingdom is not like the kingdoms of the world. The kingdoms of the world rule by force and at the expense of the masses and for the benefit of those in power. Jesus' kingdom however comes through love. In Christ's kingdom power is demonstrated by laying down one's life for one's enemies. Jesus of course demonstrated this kind of love on the cross and he calls us to do the same. We have nothing to fear. After all Jesus was dead and now he is alive and he has the keys to Death and Hades. Unfortunately many interpreters have come to believe that the devastation and destruction depicted in the book of Revelation in particular in the accounts of the Seven Seals and the Seven Bowls are God's end times wrath. But have we ever stopped to consider that this portrait of God is fundamentally at odds with the gospel? And with Jesus' call for us to love one another even as he loved us? The book of Revelation tells a different story.

The Message of the Book of Revelation Charles T. Chapman, 1995 Perhaps no book in the history of the world has been as misunderstood and misappropriated as the Book of Revelation. Those people versed in the methods of scholarly interpretation exegesis may understand the symbolism of this work but what about the general reader? How is he or she to know whether this book is being soundly interpreted or misinterpreted? Father Chapman writes for the general reader for the many who need to understand the truth of The Message of the Book of Revelation both its historical message and its message for Christians today. He explains phrase by phrase in clear direct terms what has been learned about the genre of writings called apocalyptic literature of which Revelation is a part and how that knowledge can be properly used to interpret the images and symbols of Revelation. Faithful to the teaching of the Church this explanation of Revelation reveals this biblical book to be an

inspiring hope filled poetic portrayal of the triumph of Christ and his followers over the powers of evil The Rev Charles T Chapman Jr was raised and educated as a Southern Baptist He joined the Episcopal Church in 1980 and was ordained priest in 1987 He holds degrees from Union University and The Southern Baptist Theological Seminary with further training at the Episcopal Theological Seminary of the Southwest With Bible teaching and writing among his principle interests Fr Chapman offers this commentary in the hopes that reason and scholarship can shed light on a biblical work where baseless extravagant imagination has long cast its shadow

Social-science Commentary on the Book of Revelation Bruce J. Malina, John J.

Pilch, 2000 The author of Revelation presents himself as John the astral seer who professes faith in the Resurrected Jesus and who belonged to the house of Israel John writes of traveling into the sky but this perspective of sky visions is completely neglected in the traditional commentaries and studies on Revelation Malina and Pilch demonstrate the necessity of taking ancient sky interpretation seriously for reading the book of Revelation in its first century context Building on their earlier works on Revelation and using this highly successful commentary model Malina and Pilch have charted a new direction for Revelation studies Includes line drawings and photographs as well as charts and diagrams on ancient Mediterranean astrology
