Meditations Marcus Aurelius,2013-08-15 Marcus Aurelius emperor of Rome may be the closest mankind has ever come to producing the philosopher king that Plato envisioned in The Republic A reluctant ruler and a reluctant warrior much of his reign was spent in battle defending the frontiers of the empire from the barbarian hordes Fortunately for us he carried a notebook along on his military campaigns and thus we have the Meditations Marcus s writings reveal him to be the last and greatest of the classical Stoics Stoicism is a school of thought that asserts we have no control over our lives only control over our perceptions It advocates that the best life is the life that is lived in accordance with nature not nature as in grass and trees but nature as in the order of the universe By concentrating one s thoughts and choices on what is good and virtuous and disregarding the unimportant distractions of everyday life even life and death are said to be neither good nor bad but indifferent we can avoid negative emotions like fear anger grief and frustration and live a life of happiness and tranquility That s an oversimplification of course If you really want to know what Stoicism is and how it works read Epictetus or Seneca What Marcus provides us with are the reflections of a man who studied and lived the Stoic life and was its ultimate exemplar Even if you don t buy into Stoicism or have no interest in Philosophy with a capital P you can still find inspiration and solace in the Meditations as Marcus instructs us in dealing justly with others overcoming emotional hardship living life to the fullest by overcoming the fear of death and resigning oneself to the insignificance of man in the universe The Meditations are divided into twelve books Each book contains anywhere from 16 to 75 numbered paragraphs ranging in length from a sentence to a page The paragraphs are arranged without regard to sequence or subject matter This haphazard method of compilation is really the book s only flaw What the Meditations has always needed is a good index but I ve never found a volume that has one It is a pleasure to publish this new high quality and affordable edition of this timeless book **The Meditations** Marcus Aurelius,2025-01-23 Meditations is a series of personal writings by Marcus Aurelius Roman Emperor from AD 161 to 180 recording his private notes to himself and ideas on Stoic philosophy Marcus Aurelius wrote the 12 books

of the *Meditations* in Koine Greek as a source for his own guidance and self improvement. It is possible that large portions of the work were written at Sirmium where he spent much time planning military campaigns from 170 to 180. Some of it was written while he was positioned at Aquincum on campaign in Pannonia because internal notes tell us that the first book was written when he was campaigning against the Quadi on the river Granova modern day Hron and the second book was written at Carnuntum.
