Mega Sports Camp 2013:

Legacy, Sustainability and CSR at Mega Sport Events Pierre Lienhard, Holger Preuss, 2014-07-05 The UEFA European Football Championship 2008™ EURO 2008 was the largest sports event ever organized in Switzerland. The host nations Austria and Switzerland emphasized the sustainability of the event. Through their analysis, the authors argue that well-known principles of sustainability and policy were not uniformly implemented for the EURO 2008. Nonetheless, this book shows how in Switzerland a legacy was created through the implementation of corporate governance and social responsibility policies by UEFA, the Swiss Government, and the Swiss Football Association. This book offers an unprecedented resource for sports practitioners and researchers. It provides a wealth of data based on the study of existing scholarly literature, key strategic and conceptual documents, as well as exclusive interviews with high-level executives involved in the organization of EURO 2008.

American Jewish Year Book 2013 Arnold Dashefsky, Ira Sheskin, 2013-11-25 This book in its 113th year provides insight into major trends in the North American Jewish community, examining Jewish education, New York Jewry, national and Jewish communal affairs, and the US and world Jewish population. It also acts as an important resource with its lists of Jewish Institutions, Jewish periodicals, and academic resources, as well as Jewish honorees, obituaries, and major recent events. It should prove useful to social scientists and historians of the American Jewish community, Jewish communal workers, and the press, among others. For more than a century, the American Jewish Year Book has remained and continues to serve, even in the Internet age, as the leading reference work on contemporary Jewish life. This year's volume, with its special reports on Jewish education and the New York community, and its updates on Jewish population statistics, Jewish institutions, and the major Jewish figures who passed in the year past, continues this splendid tradition. Pamela S. Nadell, Chair, Department of History, American University, and Co-editor, *Making Women's Histories: Beyond National Perspectives*. The 2013 volume of the American Jewish Year Book impressively demonstrates that Arnold Dashefsky and Ira Sheskin have restored this important resource in all its former glory. Bruce A. Phillips, Professor of Sociology and Jewish Communal Service, Hebrew Union College, Jewish Institute of Religion, Los Angeles. Having a current American Jewish Year Book on my shelf is like having a panel of experts on American Jewish life at the ready, prepared to give me thoughtful, accurate answers and observations on the key issues, trends, and statistics that define our continental Jewish community today. Well into its second century, the American Jewish Year Book continues to be an essential resource for serious leaders, practitioners, and students who seek to ground their work in solid research and up-to-date data. Jacob Solomon, Greater Miami Jewish Federation, President and CEO.

Event Volunteering. Karen A. Smith, Leonie Lockstone-Binney, Kirsten Holmes, Tom Baum, 2014-05-09 Volunteers make important contributions across the spectrum of event settings, most visibly at high-profile mega-events such as the Olympic Games. ensuring that these celebrations are made possible in the absence of big budgets and professional event staff This book is the first to showcase and advance international research into the volunteering experience at events drawing on the work of key scholars in this field Events of all sizes benefit from volunteer support but event volunteering research is frequently case study based and individually these cases make a limited impact This text brings together cases from around the world specifically including those that expand theoretical and methodological boundaries It features mega events like the 2012 Olympics and the 2011 Rugby World Cup alongside music festivals and sports events New areas that are examined include the benefits of event volunteering for students the role of volunteers in social enterprise events and new methodological approaches to researching this phenomenon specifically ethnographic and cross national studies This innovative book acts as a global source of key information for practitioners and researchers an important text for students of event management and will provide stimulus for further work in this emerging area *Sport Tourism, Island Territories and Sustainable*
