## **Next Gen Library Catalogs The Tech Set:**

Next-gen Library Catalogs Marshall Breeding, 2010 Today's Web savvy users often bypass traditional library catalogs for more interactive tech friendly interfaces Help your library stand out within the crowded landscape of information providers with Marshall Breeding's new highly practical guide to interactive next generation library catalogs Learn how to give your users access to a wide selection of print and electronic content with this jargon free step by step guide Breeding outlines the important functions and features of next gen catalogs briefs you on all of the available commercial and open source software and helps you select which products are right for your library's next gen catalog You'll learn to lay the groundwork for practical implementation integrate the catalog into your existing technological environment address a multitude of common implementation issues and concerns and assess the impact of your Catalog so you can demonstrate the change you led There is a thorough glossary with definitions for all key terms and as with all the Tech Set guides material is presented in a manner that is both accessible to non technical professionals and useful for systems librarians

**Developing and Managing Electronic Collections** Peggy Johnson, 2013-07-24 The complex issues associated with developing and managing electronic collections deserve special treatment and library collection authority Peggy Johnson rises to the challenge with a book sure to become a benchmark for excellence Providing comprehensive coverage of key issues and decision points she offers advice on best practices for developing and managing these important resources for libraries of all types and sizes With an emphasis on practical solutions that will provide effective and timely access to online resources for library users she presents an in depth look at The fundamentals of electronic resource planning selection and evaluation The evolving world of acquisition options licenses and contracts Fostering and maintaining positive relationships with vendors and publishers Budgeting and financial considerations with guidance on how to collaborate across library organizational lines to acquire and manage e content more efficiently Tips informational sidebars and suggested reading lists accompany each chapter and an extensive glossary defines essential terms and concepts

*Gaming in Libraries* Kelly Nicole Czarnecki, 2010 Whether gaming is already a crucial part of your library's core services or it's only just been introduced this do it yourself new resource will give you the practical tools you need to organize implement and market successful gaming events for users of all ages Author Kelly Czarnecki shows you how to host gaming events for all different types of users You'll learn to select systems and resources best suited to your library and budget plan programs and develop a circulating collection Czarnecki gives you step by step instruction for implementing an array of different programs including video games board games magic gatherings Guitar Hero Fests and more You'll also find helpful techniques and best practices for marketing your gaming program and evaluating its success as well as examples and insight from librarians running highly successful gaming programs This easy to follow Tech Set title gives you the guidance you need to satisfy current and new users with exciting and educational gaming services

*Organizing Information in School Libraries* Cynthia Houston, 2015-12-07 Covering both classification and

cataloging principles as well as procedures relevant to school libraries this book provides a teaching kit for a course on this critical subject that includes content and practice exercises A valuable resource for instructors in LIS programs who teach courses in cataloging with an emphasis on school libraries this textbook explains the nuts and bolts of classification and cataloging as well as the functionality of integrated library systems and how these systems critically serve the mission of the school Author Cynthia Houston covers Web 2.0 and the social networking features of these systems as well as examining in detail the principles and procedures for subject classification using Sears subject headings or Dewey Decimal Classification using the Sears tool This teaching tool kit addresses the cataloging of print materials audiovisual materials and electronic materials separately but all within the specific context of the school library It supplies a number of examples and exercises to reinforce the key concepts and skills as well as to demonstrate the real world applications of learning concepts and procedures Based directly on Houston's extensive experience in teaching classification and cataloging courses the included content and practice exercises enable instructors to use this book for content for instruction and for providing student feedback

Creating and Promoting Lifelong Learning in Public Libraries Donna L. Gilton, 2016-06-21 Creating and Promoting Lifelong Learning in Public Libraries Tools and Tips For Practitioners is the sequel to Lifelong Learning in Public Libraries Principles Programs and People On the one hand Lifelong Learning in Public Libraries focuses on the information needs and the developmental and psychological characteristics of diverse library users of all ages It endorses the use of ILI to promote lifelong learning in public libraries both by borrowing techniques from academic and school libraries and by building on existing public library traditions of programming and outreach This book also compares lifelong learning in public libraries to informal and nonformal education in museums community organizations and agencies places of worship and other organizations In addition Lifelong Learning in Public Libraries describes basic steps that librarians can execute in order to get started On the other hand Creating and Promoting Lifelong Learning in Public Libraries focuses much more on how public librarians can specifically plan and implement their instruction with chapters on planning for instruction using teaching methodologies teaching with and about technology and bringing ILI together with more traditional public library services programming and activities such as reference and Readers Advisory services bibliotherapy and cultural and literacy programming Changes in ILI standards and comparisons of ILI with basic reading media digital and cultural literacies are also described Both books together should act as basic manuals for public librarians who promote lifelong learning Creating and Promoting Lifelong Learning in Public Libraries also have helpful teaching hints for all librarians and other professionals who teach in a variety of settings
