Old Yeller Perennial Classics:

Old Yeller Fred Gipson, Steven Polson, 2001-05-15 When a novel like Huckleberry Finn or The Yearling comes along it defies customary adjectives because of the intensity of the response it evokes in the reader Such a book we submit is Old Yeller to read this eloquently simple story of a boy and his dog in the Texas hill country is an unforgettable and deeply moving experience

Melancholia and Maturation Eric L. Tribunella, 2010-01-15 Coming of age in children's fiction often means achieving maturity through the experience of trauma In classics ranging from Old Yeller to The Outsiders a narrative of psychological pain defies expectations of childhood as a time of innocence and play In this provocative new book Eric L Tribunella explores why trauma especially the loss of a loved object occurs in some of the most popular and critically acclaimed twentieth century American fiction for children Tribunella draws on queer theory and feminist revisions of Freud's notion of melancholia which is described as a fundamental response to loss arguing that the low grade symptoms of melancholia are in fact what characterize the mature sober and responsible American adult Melancholia and Maturation looks at how this effect is achieved in a society that purports to protect youngsters from every possible source of danger thus requiring melancholia to be induced artificially Each of the book's five chapters focuses on a different kind of lost object sacrificed so as to propel the child toward a distinctively gendered sexual ethical and national adulthood from same sex friends to the companionship of boy and his dog stories from the lost ideals of historical fiction about the American Revolution to the children killed or traumatized in Holocaust novels The author examines a wide spectrum of works including Jack London's dog tales the contemporary realistic novels of S E Hinton and Newbery Medal winners like Johnny Tremain

and *Bridge to Terabithia* *Tribunella* raises fundamental questions about the value of children's literature as a whole and provides context for understanding why certain books become required reading for youth. Eric L. *Tribunella* is assistant professor of English at the University of Southern Mississippi. His articles have been published in *Children's Literature Association Quarterly*, *Children's Literature in Education*, *The Lion and the Unicorn*, *A Critical Journal of Children's Literature*, and *Children's Literature*.

The Book Tree Elizabeth McCallum, Jane Scott, 2008. Literary habits naturally give way to literary affections. Once upon a time a carpenter entered a forest and happened upon a wolf wearing a feathered cap. Quick, whose side are you on? If you don't know, we suggest reading a hearty round of fairytales. Stories provide a roadmap for life. This is because stories are life. But oftentimes it's easiest to understand where we are when we can look through other eyes from the perspective of someone else living somewhere else, some when else. For those beginning to read for the first time or those beginning to read again, *The Book Tree* will drop golden apples in your lap until you can climb high enough to pick for yourself.

The Publishers Weekly, 2001.

Craft Lessons Ralph J. Fletcher, JoAnn Portalupi, 2007. Since its publication in 1998, *Craft Lessons* has become a staple in the writing classroom of both new and experienced teachers. Teachers pressed for time will appreciate the practical lessons and instructional language geared to three grade-level groupings: K-2, 3-4, and 5-8. This edition includes 17 brand-new lessons, mini-lessons designed from teachers' comments about what is observed, students' writing, revisions to other craft lessons, and the resource materials sections have been expanded. New ways to approach teaching using elements of craft and the reading-writing connection. A subject index to find specific craft lessons with ease. The authors' thoughts about how craft lessons fit into their newest thinking about the qualities of writing: Ideas, Design, Language, and Presentation. The 95 lessons in this book provide a wealth of information for teaching: leads, character endings, stronger verbs, and much more. This new edition reestablishes *Craft Lessons* as the crucial desert island book for harried writing teachers everywhere.
