*The First Modern Olympics* Richard D. Mandell, 1976 The first modern Olympic Games were held in Athens in April of 1896 and this volume is a description of the sporting and festive events of that occasion with a large cast of athletes from various countries including a contingent from Harvard and Princeton who won the hearts of the Athenians as they won most of the first place medals But the book is much more than a tale of athletes and organizers We are given the first real insight into the birth of the modern Olympic movement and into the personality of a French aristocrat Baron Pierre de Coubertin whose vision determined much of the form of international sport today The author shows that although the modern Olympics have a sentimental bond with the ancient festival the modern Games are a product of nineteenth century ideals excesses and ambitions Richard Mandell has dispelled some myths rediscovered forgotten sport heroes and written a highly readable account of a landmark in modern sport history
