Online Book Speculations Future Gopal Balakrishnan:

Ethics and Economic Theory Khalid Mir,2018-10-09 This book takes a multi disciplinary critique of economics first principles the fundamental and inter related structuring assumptions that underlie the neo classical paradigm These assumptions that economic agents are rational self interested individuals continue to influence the teaching of economics research agendas and policy analyses The book argues that both the theoretical understanding of the economy and the actual working of real world market economies diminish the scope for thinking about the relation between ethics economics and the economy It highlights how market economies may crowd out ethical behavior and our evaluation of them elides ethical reflection The book calls for a more pluralistic and richer approach to economic theory one that allows ample room for ethical considerations It provides insight into understanding human motivations and human flourishing and how a good economy requires reflection on the ethical relations between the self world and time Postcolonial Studies Pramod K. Nayar,2015-09-28 This new anthology brings together the most diverse and recent voices in postcolonial theory to emerge since 9 11 alongside classic texts in established areas of postcolonial studies Brings fresh insight and renewed political energy to established domains such as nation history literature and gender Engages with contemporary concerns such as globalization digital cultures neo colonialism and language debates Includes wide geographical coverage from Ireland and India to Israel and Palestine Provides uniquely broad coverage offering a full sense of the tradition including significant essays on science technology and development education and literacy digital cultures and transnationalism Edited by a distinguished postcolonial scholar this insightful volume serves scholars and students across multiple disciplines from literary and cultural studies to anthropology and digital studies Feminist Theory Reader Carole McCann,Seung-kyung Kim,Emek Ergun,2020-09-16 The fifth edition of the Feminist Theory Reader assembles readings that present key aspects of the conversations within intersectional US and transnational feminisms and continues to challenge readers to rethink the ways in which gender and its multiple intersections are configured by complex overlapping and asymmetrical global local configurations of power The feminist theoretical debates in this anthology are anchored by five foundational concepts gender difference women s experiences the personal is political and especially intersectionality which are integral to contemporary feminist critiques The anthology continues to center the voices of transnational feminist scholars with new essays giving it a sharper focus on the materiality of gender injustices racisms ableisms colonialisms and especially global capitalisms Theoretical discussions of translation politics cross border solidarity building ecofeminism reproductive justice MeToo indigenous feminisms and disability studies have been incorporated throughout the volume With the new essays and the addition of a new editor the Feminist Theory Reader has been brought fully up to date and will continue to be a touchstone for women s and gender studies students as well as academics in the field for many years to come Bookforum ,2005
