Too Smart to Try Yelena Polyakova, 2025-06-16 Ningdu accidentally enrolled in a mecha military academy. Due to his poverty and frugality, he struggled to get by at school. Every night he stayed up late writing theoretical assignments for his classmates to earn money while sleeping through theory classes during the day. He managed to earn some extra income. During the underwater pressure test while his classmates were competing to see who could withstand the pressure and swim to shore fastest, Ning Du was submerged in water with a pile of clothes on his body, frantically washing them to save on laundry fees. During the competition, she was afraid the opponent would destroy her paper mecha, so she hesitated to act and kept the opponent. Later, district officials came to the school and vented their frustrations. Your student doesn't even use a proper mecha. She skips training and goes to the competition venue every day. While others are fighting, she's cleaning up under their noses. During the competition, she doesn't even fight, she just Teachers Oh we're so sorry We'll bring her back right away District officials Hmm you do need to bring her back After all the teacher of the champion has to attend the award ceremony Teachers What District officials Your student didn't fight at the competition She just hid from the other opponents making them exhaust themselves I don't know how she managed to dodge them so well They couldn't even hit her once Teachers
