Ecotourism David A. Fennell,2014-09-08 Ecotourism continues to be embraced as the antithesis of mass tourism because of its promise of achieving sustainability through conservation mindedness community development education and learning and the promotion of nature based activities that were sensitive to both ecological and social systems The extent to which this promise has been realised is open to debate Focusing on an array of economic social and ecological inconsistencies that continue to plague ecotourism in theory and practice the volume examines ecotourism in reference to other related forms of tourism impacts conservation sustainability education and interpretation policy and governance and the ethical imperative of ecotourism as these apply to the world s greenest form of tourism Ecotourism is a growing field attracting increasing attention from students and academics Fennell provides an authoritative and comprehensive review of the most important issues that continue to both plague ecotourism and make it one of the most dynamic sectors in the tourism industry It covers a comprehensive range of themes and geographical regions Building on the success of prior editions Ecotourism has been revised throughout to incorporate recent research and benefits from the introduction of real life case studies and summaries of recent literature An essential reference for those interested in Ecotourism the book is accessible to students but retains the depth required for use by researchers and practitioners in the field New chapters on the theory and application of animal ethics community development in sustainable tourism and education and learning in the field have added further value to an already very comprehensive volume This book will be of interest to students across a range of disciplines including geography economics business ethics biology and environmental studies

**The Faro Convention's role in a changing society** Francesc Pla,Jovana Poznan,2022-01-05 Council of Europe action in the field of cultural heritage targets promoting diversity and dialogue through access to heritage to foster a sense of identity collective memory and mutual understanding within and between communities The year 2021 marks the 10th anniversary of the entry into force of the Framework Convention on the Value of Cultural Heritage for Society also known as the Faro Convention The present publication shows that what emerged back in 2005 as a truly innovative approach is still relevant today and can also have an impact on issues beyond its traditional realm This is illustrated through a set of articles that demonstrate the pertinence of the Faro Convention s approach to cultural heritage in addressing different aspects ranging from democratic participation to tourism rethinking The wide range of topics addressed and the numerous possibilities described by the various contributors suggest that the next ten years of the Faro Convention will be as challenging and rewarding as the decade that has elapsed since its entry into force

**Biolaw and International Criminal Law** Caroline Fournet,Anja Matwijk,2020-11-30 The originality of this volume lies in the interdisciplinary synergies that emerge through the issues it explores and the approaches it adopts It offers legal and ethical reflections on the criminal qualification of a series of conducts ranging from human experimentation and non consensual medical interventions to organ transplant trafficking and marketing of human body

parts It also considers procedural matters notably related to psychiatric and medical evidence In so doing it combines legal and other types of conceptualizations to examine such contemporary issues as rights of the LGBTIQ population access to medical care corporate criminal liability rights of children and Islamic jurisprudence *The Roles of Social Media in Education: Affective, Behavioral, and Cognitive Dimensions* Hung Phu Bui,Mark Bedoya Ulla,Veronico N. Tarrayo,Chien Thang Pham,2023-10-24 technologies in education A large body of research has attempted to measure the extent to which social media change human communication In education researchers and educators have employed social media to increase students engagement inside and outside the classroom They have been exploring the effects of the use of social media on the learning outcome and learners beliefs and experiences However some of their endeavors are inconclusive As the effects of social media in education are context sensitive research results reflecting different contexts around the world will contribute to the literature on social media and education Student engagement in learning a growing interest in educational research is widely believed to contribute to the success of learning The contemporary literature shows that students can engage in learning affectively behaviorally and cognitively Recent studies are also interested in using technology to mediate students social and metacognitive engagement in learning As student engagement is a multidimensional area interdisciplinary studies have recently expanded their literature The use of social media to increase student engagement in learning remains underexplored
